## Description

ZoneTrade\_v2.4 Indicator shows you BUY/SELL/NEUTRAL positions. This view of trading was first mentioned by Bill Williams as trading in the zone.

By default:

RED line indicates SELL zone

GREEN line indicates BUY zone

GREY line indicates NEUTRAL zone (no trade)

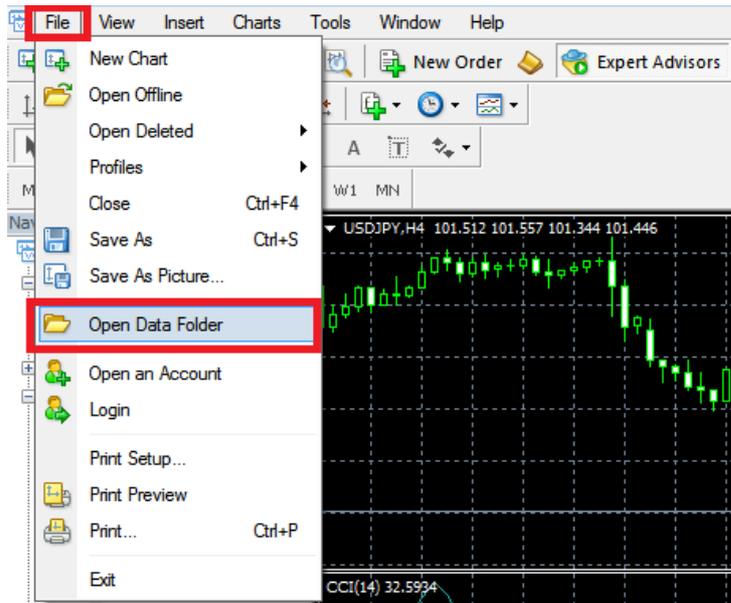

Here is an example of signals on EURUSD, H1:

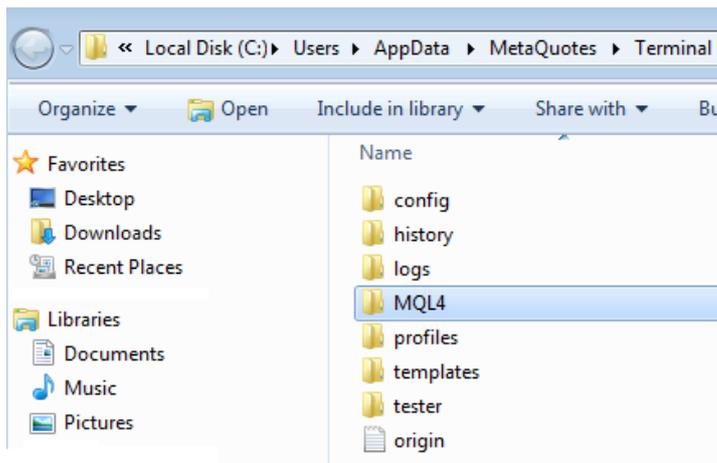

The best approach is to trade when market goes your way. Indicator is using momentum, acceleration and price confirmation for the color of Candles. When you are in BUY or SELL zone you can be more aggressive to trade. But if you are in NEUTRAL zone then you should hold trading until the time is right.
